Organizing Committee of the 2013

World Championships Trampoline

Dear Stoyan,

The time flies and the World Championships Trampoline 2013 and the WAGC are already history now, but will be an unforgettable part of our Trampoline history. To express my personal impression, I would say: Great!

Unforgettable, the smooth organization, the on time transportation, the friendliness of your always helpful volunteers, the spectacular arena, all in all your outstanding hospitality!

You have made friends all over the world!

I can imagine how much personal efforts you have put into this, to make these World Championships such a great success. Hope all of you, Mariela, Bonnie, Iva, already had some time to breathe normally again.

In the name of the whole Trampoline Technical Committee I like to thank you for this tremendous work and for your outstanding cooperation! My sincere thanks to the whole Organizing Committee, the Bulgarian Trampoline Federation, the Bulgarian Gymnastics Federation, the City of Sofia, the sponsors and most of all to your volunteers!

With all best wishes for the future!

Sincerely Yours

Horst Kunze
